

# TABLE OF CONTENTS

<b>LIST OF TABLES.....</b>	<b>XIII</b>
<b>LIST OF FIGURES.....</b>	<b>XV</b>
<b>LIST OF DOCUMENTATION EXAMPLES.....</b>	<b>XVII</b>
<b>1. INTRODUCTION .....</b>	<b>1</b>
<b>1.1 Client-centered Occupational Therapy .....</b>	<b>1</b>
1.1.1 Meet the Client “Where the Client Is” .....	2
1.1.2 Who Is the Client? .....	3
1.1.3 Some “Words of Warning” Related to Working in a Manner that is Client-centered .....	5
<b>1.2 Top–down Occupational Therapy Evaluation.....</b>	<b>6</b>
1.2.1 Top–down Approach .....	6
1.2.2 Bottom–up Approach.....	7
1.2.3 Top–to–bottom–up Approach.....	8
<b>1.3 Occupation-based Evaluation and Intervention.....</b>	<b>10</b>
1.3.1 Definitions of Some Key Terms .....	10
1.3.2 Occupation .....	11
1.3.3 Activity versus Task .....	12
1.3.4 Meaning and Purpose.....	13
<b>1.4 Overview of the OTIPM .....</b>	<b>15</b>
<b>1.5 Theory-driven versus Process-driven Reasoning .....</b>	<b>20</b>
<b>1.6 Summary and Purpose.....</b>	<b>20</b>
<b>2. TYPES OF INTERVENTIONS USED BY OCCUPATIONAL THERAPISTS.....</b>	<b>23</b>
<b>2.1 Common Intervention Methods .....</b>	<b>23</b>
2.1.1 Four Continua for Evaluating Activities Used as Intervention.....	24

2.1.2 Three Foci of Intervention .....	26
2.1.3 Six Types of Activities Used as Intervention by Occupational Therapists.....	27
• Preparation .....	27
• Rote Practice/Exercise .....	28
• Simulated Occupation .....	29
• Differentiating between Rote Practice/Exercise and Simulated Occupation .....	31
• Restorative Occupation .....	31
• Differentiating between Simulated Occupation and Restorative Occupation .....	33
• Acquisitional Occupation.....	34
• Comparing Acquisitional Occupation and Restorative Occupation .....	35
• Adaptive Occupation.....	37
• Differentiating between Acquisitional or Restorative Occupation and Adaptive Occupation .....	39
 <b>2.2 Legitimate Activities for Occupational Therapy .....</b>	<b>39</b>
 <b>3. ASSUMPTIONS ABOUT PEOPLE AND PRINCIPLES OF INTERVENTION.....</b>	<b>43</b>
 <b>3.1 Theoretical Assumptions.....</b>	<b>43</b>
 <b>3.2 Principles of Intervention .....</b>	<b>46</b>
3.2.1 General Principles.....	46
3.2.2 Principles of Adaptive Occupation .....	50
• Collaborative Consultation.....	50
• Adaptation .....	52
• Education.....	53
3.2.3 Principles of Acquisitional and Restorative Occupation .....	56
• Direct or Indirect Intervention .....	56
• Consultation and Education .....	56
• Grade Occupations via Modification or Adaption of the Task Challenge.....	57
3.2.4 Principles of Occupation-based Education Programs.....	58

<b>4. OTIPM AS A REASONING MODEL FOR IMPLEMENTING COMPREHENSIVE OCCUPATIONAL THERAPY SERVICES — CASE EXAMPLE: BEV .....</b>	<b>61</b>
<b>4.1 Establish the Client-centered Performance Context.....</b>	<b>62</b>
4.1.1 Defining the Performance Context .....	63
4.1.2 Interrelatedness of the 10 Dimensions of the Client-centered Performance Context .....	66
4.1.3 Using the 10 Dimensions to Ensure that We Gather Comprehensive Information, Not as an Interview Guide.....	66
4.1.4 Defining the Global versus Specific Client-centered Performance Context.....	67
4.1.5 Linking to Other Models of Practice .....	67
4.1.6 Establishing the Client-centered Performance Context — Initial Referral .....	68
4.1.7 Establishing the Client-centered Performance Context — Initial Occupational Therapy Interview .....	69
<b>4.2 Case Example: Bev — Establish the Client-centered Performance Context.....</b>	<b>71</b>
4.2.1 Bev: Initial Referral .....	71
4.2.2 Bev: Preparing for the Occupational Therapy Interview.....	72
4.2.3 Bev: Initiating the Home Visit and Implementing the Occupational Therapy Interview .....	73
4.2.4 Bev: Who Is the Client?.....	79
<b>4.3 Develop Therapeutic Rapport and Collaborative Relationships .....</b>	<b>79</b>
<b>4.4 Case Example: Bev — Develop Therapeutic Rapport and a Collaborative Relationship.....</b>	<b>80</b>
<b>4.5 Identify the Resources and Limitations within the Client-centered Performance Context.....</b>	<b>81</b>
<b>4.6 Case Example: Bev — Identify the Resources and Limitations of the Client-centered Performance Context .....</b>	<b>82</b>
<b>4.7 Identify and Prioritize Reported Strengths and Problems of Occupational Performance .....</b>	<b>83</b>

<b>4.8 Case Example: Bev — Identify and Prioritize Reported Strengths and Problems of Occupational Performance .....</b>	<b>86</b>
<b>4.9 Observe Client’s Task Performance and Implement Performance Analyses .....</b>	<b>87</b>
<b>4.10 Case Example: Bev — Observe Client’s Task Performance and Implement Performance Analyses.....</b>	<b>90</b>
<b>4.11 Define and Describe Actions the Client Does and Does Not Perform Effectively .....</b>	<b>93</b>
<b>4.12 Case Example: Bev — Define and Describe the Actions of Performance the Client Does and Does Not Perform Effectively .....</b>	<b>94</b>
4.12.1 Narrative Summary of Our Observations .....	94
4.12.2 Summarizing Bev’s Overall (Global) Baseline Level of Performance .....	95
4.12.3 Creating a List of Actions of Most Concern .....	95
4.12.4 Grouping Skills of Most Concern into Meaningful Clusters .....	96
4.12.5 Summarizing Bev’s Specific Baseline Level of Performance .....	97
<b>4.13 Define/Clarify or Interpret the Cause .....</b>	<b>98</b>
4.13.1 Clarifying the Cause Within the True Top–down Reasoning Framework of the OTIPM (versus a Top–to–bottom–up Framework).....	101
<b>4.14 Case Example: Bev — Define/Clarify or Interpret the Cause .....</b>	<b>102</b>
<b>4.15 Document Client’s Baseline and Goals.....</b>	<b>104</b>
<b>4.16 Case Example: Bev — Document the Client’s Goals .....</b>	<b>105</b>
<b>4.17 Select Intervention Model and Plan and Implement Occupation-based Interventions .....</b>	<b>106</b>
<b>4.18 Case Example: Bev — Select Intervention Models and Plan and Implement Occupation-based Interventions .....</b>	<b>108</b>
4.18.1 Case Example: Bev — Session 1, Planning Restorative Occupation to Restore Body Functions and Acquisitional Occupation to Reacquire Occupational Skill.....	108

4.18.2 Case Example: Bev — Session 2, Implementing a Standardized AMPS Performance Analysis and Observing Bev Perform Two ADL Tasks.....	109
4.18.3 Case Example: Bev — Session 2, Defining/Clarifying Cause .....	111
4.18.4 Case Example: Bev — Session 2, Selecting and Implementing Adaptive Occupation to Compensate for Ineffective Actions .....	111
• Collaborative Consultative, Education, and Adaptation.....	111
• Adaptation Strategies.....	113
4.18.5 Case Example: Bev —Planning and Implementing Ongoing Intervention .....	114
• Clarify the Intervention Plan for the Next Week.....	114
4.18.6 Bev — Session 3, Implementing Adaptive Occupation Related to the Clothes Rack and the Shoes .....	119
4.18.7 Case Example: Bev — Session 4, Reevaluating for Enhanced Occupational Performance.....	120
4.18.8 Case Example: Bev — Session 4, Evaluation and Intervention Related to Cooking.....	121
<b>4.19 Reevaluate for Enhanced Occupational Performance.....</b>	<b>123</b>
<b>4.20 Discharge the Client .....</b>	<b>125</b>
<b>4.21 Case Example: Bev — Discharging the Client.....</b>	<b>125</b>
<b>4.22 Conclusions .....</b>	<b>126</b>
<b>5. OTIPM AS A REASONING MODEL FOR EVALUATING SOCIAL INTERACTION SKILLS — CASE EXAMPLE: BEN.....</b>	<b>129</b>
<b>5.1 Chapter Overview .....</b>	<b>129</b>
<b>5.2 Implement Phase I of an Initial Occupational Therapy Evaluation....</b>	<b>129</b>
<b>5.3 Document Phase I of the Initial Occupational Therapy Evaluation ...</b>	<b>131</b>
<b>5.4 Summarize Ben’s Overall (Global) Quality of Social Interaction .....</b>	<b>131</b>

5.5 Define and Describe the Social Interaction Items Ben Does and Does Not Perform Effectively .....	133
5.6 Summarize Ben’s Specific Baseline Quality of Social Interaction.....	139
5.7 Develop Client-centered Goals Based on the Results of an ESI Observation .....	143
5.8 Develop Occupation-based Interventions .....	144
<b>6. MOTOR, PROCESS, AND SOCIAL INTERACTION SKILLS .....</b>	<b>147</b>
6.1 A Rationale for Documenting the Quality of Occupational Performance .....	150
6.2 Motor Skills.....	153
6.2.1 Body Position.....	153
6.2.2 Obtaining and Holding Objects .....	154
6.2.3 Moving Self and Objects .....	155
6.2.4 Sustaining Performance .....	156
6.3 Process Skills.....	157
6.3.1 Sustaining Performance .....	157
6.3.2 Applying Knowledge .....	158
6.3.3 Temporal Organization .....	159
6.3.4 Organizing Space and Objects .....	160
6.3.5 Adapting Performance .....	162
6.4 Social Interaction Skills .....	163
6.4.1 Initiating and Terminating Social Interaction.....	163
6.4.2 Producing Social Interaction.....	164
6.4.3 Physically Supporting Social Interaction.....	165
6.4.4 Shaping Content of Social Interaction .....	166
6.4.5 Maintaining Flow of Social Interaction .....	168
6.4.6 Verbally Supporting Social Interaction .....	169
6.4.7 Adapting Social Interaction .....	170
6.5 Nonstandardized Scoring Criteria.....	171
6.5.1 Occupational Performance — Effort .....	171

6.5.2 Occupational Performance — Efficiency .....	172
6.5.3 Occupational Performance — Safety.....	172
6.5.4 Occupational Performance — Need for Assistance Provided .....	173
6.5.5 Occupational performance — Social Appropriateness.....	173
6.5.6 Occupational performance — Satisfaction .....	174
<b>7. REFERENCES .....</b>	<b>175</b>
<b>8. APPENDIX.....</b>	<b>185</b>
<b>8.1 Relationship between the Occupational Therapy Practice Framework and ICF .....</b>	<b>185</b>
<b>8.2 An Occupational Therapy Program Based on the OTIPM.....</b>	<b>185</b>

# LIST OF TABLES

Table 1	A Recommended Structure for Top-down and “Occupation-first” Documentation of an Initial Occupational Therapy Evaluation .....	51
Table 2	External and Internal Factors that Comprise the Client-centered Performance Context .....	64
Table 3	Key Questions that Clarify the Content or Focus of the 10 Dimensions of the Client-centered Performance Context .....	65
Table 4	Notes Written by the Occupational Therapy Students that Summarize the 10 Dimensions of Bev’s Global Performance Context.....	76
Table 5	Comparison Among Performance Analyses, Task Analyses, and Activity Analyses as they are Applied in the OTIPM .....	89
Table 6	Measurable Quality Indicators that Can Be Used During Evaluation and Documentation of a Client’s Quality of Task Performance .....	91
Table 7	Bev’s Performance Skills that We Judged to Best Reflect Her Effective (*) and Ineffective (√) Quality of Task Performance .....	96
Table 8	Components of Baseline, Goal, and New (Reevaluation) Baseline Statements.....	105
Table 9	Ben’s Social Interaction Skills that were Ineffective (I) or Severely Limited (SL) .....	139
Table 10	Relationship Between Occupational Therapy Practice Framework Domains of Practice and the World Health Organization’s International Classification of Functioning, Disability, and Health (ICF) .....	186
Table 11	A General Occupational Therapy Program Based on the OTIPM .....	192

## LIST OF FIGURES

<i>Figure 1.</i> Top–down reasoning: Initial phases of the evaluation process .....	6
<i>Figure 2.</i> Bottom–up reasoning evaluation process .....	8
<i>Figure 3.</i> Top–to–bottom–up reasoning evaluation process .....	9
<i>Figure 4.</i> Interrelationship between the meaning and the purpose of occupation.....	14
<i>Figure 5.</i> Occupational Therapy Intervention Process Model.....	16
<i>Figure 6.</i> Four continua that can be used to evaluate the characteristics of activities observed in occupational therapy practice settings.....	24
<i>Figure 7.</i> Focus of occupation-based activities used in occupational therapy. ....	27
<i>Figure 8.</i> Schematic representation of acquisitional and restorative occupation.....	35
<i>Figure 9.</i> Schematic representation of adaptive occupation.....	37
<i>Figure 10.</i> Schematic representation of occupation-based educational programs .....	58
<i>Figure 11.</i> Schematic representation of occupational performance unfolding as a transaction between the person and the environment as he or she enacts a task. ....	64
<i>Figure 12.</i> Overlapping layers of the occupational therapy intervention process, one for each task addressed during Bev’s initial evaluation.....	92
<i>Figure 13.</i> Schematic diagram illustrating the 10 dimensions of the client- centered performance context in relation to the reason for the observed problem with occupational performance .....	99
<i>Figure 14.</i> Schematic diagram illustrating the 10 dimensions of the client- centered performance context in relation to considering what changes to make as part of planned interventions .....	107
<i>Figure 15.</i> Options for cycling back and reentering the occupational therapy intervention process.....	121

<i>Figure 16.</i> Performance skills: Smallest observable units of occupational performance — links in a chain of actions performed one-by-one as the person “constructs” the overall task performance.....	147
<i>Figure 17.</i> Schematic representation of the occupational therapy process, showing activities (what the occupational therapists is to do) and results (what is to be documented) .....	189
<i>Figure 18.</i> Schematic representation of the <i>Inform and assess</i> (evaluation) phase of the occupational therapy process.....	190
<i>Figure 19.</i> Schematic representation of the <i>Evaluate result</i> (reevaluation) phase of the occupational therapy process.....	191

## LIST OF DOCUMENTATION EXAMPLES

Example 1: Bev: Initial Occupational Therapy Evaluation, Part I — Background Information and Reason for Referral .....	83
Example 2: Bev: Initial Occupational Therapy Evaluation, Part II — Reported Level of Performance and Prioritized Task Performances.....	87
Example 3: Bev: Initial Occupational Therapy Evaluation, Part III — Observed Current Level of Performance.....	98
Example 4: Bev: Initial Occupational Therapy Evaluation, Part IV — Interpretation of Cause .....	103
Example 5: Bev: Client's Goals .....	106
Example 6: Bev: Intervention Plan .....	109
Example 7: Bev: Progress Note (SOAP Note, for Session 2).....	115
Example 8: Bev's Computer-generated AMPS Narrative Report (for Session 2) .....	116
Example 9: Bev's Computer-generated AMPS Graphic Report (for Session 2) .....	118
Example 10: Bev: Summary Progress Report for First Four Visits .....	124
Example 11: Ben's ESI Evaluation Report — Reason for Referral, Relevant History, Reported Strengths and Problems with Occupational Performance, and Task Performances Prioritized for Further Evaluation.....	132
Example 12: Ben's ESI Score Form for Social Interaction 1 — <i>Sharing Information</i> .....	134
Example 13: Ben's ESI Score Form for Social Interaction 2 — <i>Conversing socially/ Small talk</i> .....	136
Example 14: Ben's ESI Evaluation Report — Baseline Level of Social Interaction Skill and Recommendations for Occupational Therapy Intervention .....	142
Example 15: Ben's Goal Statements Based on the Results of the ESI .....	145
